

# Welcome to your Smart Home!

*Convenience • Comfort  
Efficiency • Peace of Mind*

*Imagine being able to turn on your lights,  
adjust your thermostat, set your alarm, and  
answer your front door - all from your  
smartphone.*

Smart products give you access to your  
home whenever and wherever and simplify  
life in ways you've never imagined before.

We've created the following packages to give  
your home some of the most popular smart  
features available.

Lighting

Audio

Climate Control

Security

Surveillance

TV & Media

WiFi

Garage Doors

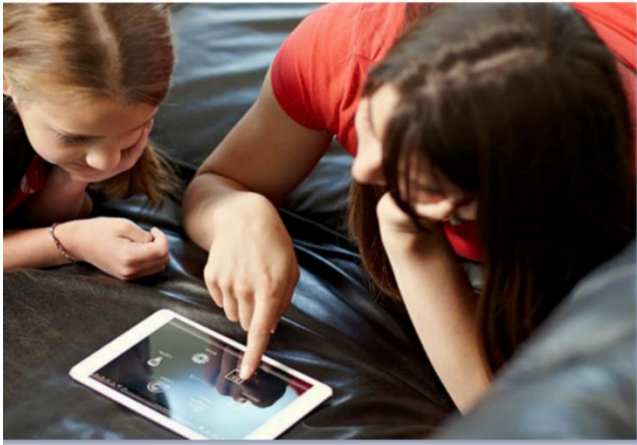

Window Treatments

...and more!

# Smart Home Starter Package

## Smart Starter Package

If you want to add a touch of smart tech to your home, the *Smart Starter* is a great place to begin. It hits all the bases with audio, climate control, lighting, security, voice control and ties it all together with a total home system. It's Wi-Fi-based, and *everything included can be controlled from a single app!*

### Includes:

-  Lighting & Home Control with the **Lutron App**
-  **Alexa Dot** for Voice Control & Audio Streaming
-  **Nest Smart Thermostat**
-  **Ring Pro Doorbell + Chimer**
-  Smart Lighting with:
  - Smart Dimmers
  - Dimmer Remotes

## Voice Control with *Alexa* and *Google Home*

Control lighting, shades, audio and more with your voice.

If you already own an *Alexa* or *Google Home* we can program your device so you can control your new smart products without lifting a finger!

# Standard Smart Home Package

## Standard Smart Package

In the *Standard Smart Home Package*, you're getting everything from the *Smart Starter*, with a few upgrades. We bring in surveillance with the *Ring* Camera, audio-streaming with the *SONOS* One speaker, and dimmers with sensors that turn off automatically – never worry about a light left on again!

### Includes:

-  Lighting & Home Control with the *Lutron App*
-  **SONOS One\*** for Audio Streaming & Voice Control  
\*With built-in Amazon Alexa
-  **Nest Smart Thermostat**
-  **Ring Pro Doorbell + Chimer**  
**Ring Camera** w/ Floodlight & Siren
-  Smart Lighting with:
  - **Smart Dimmers**
  - **Dimmer Remotes**
  - **Dimmer w/ Sensor**

## SONOS

*Sonos* is a wireless, scalable audio system that can be used for TV audio or to play music from your library or favorite streaming service like *Spotify*, *Pandora*, *Apple Music*, *Amazon Music*, etc.

**User-friendly app • Scalable • Usable with Voice,  
App, or Total Home Control**

# Additional Smart Home Packages

## TV Mounting

We mount TV's of any size.

We also offer professional stationary, tilting and full-motion mounts at prices that meet-or-beat stores like Best Buy, Walmart, etc.

## Sonos 3.1 Audio Package

An audio system brings your TV screen to life. The SONOS Beam gives you crystal clear sound, the SONOS Subwoofer adds intense and impactful low-end that you can feel.

A simple, user-friendly app and powerful sound.

Includes:

- *Sonos* Beam
- *Sonos* Sub

## Sonos In-Ceiling Audio Package

If you want a discreet audio system that gives impactful sound, this package, that features in-ceiling speakers and an Amp by *Sonos*, is the way to go.

Includes:

- *Sonos* Amp
- (x2) In-ceiling Speakers
